

Tripwire End of Life Notice

DP 40x0 Family, VnE x500 Family, and VnE x600 Family

NOTICE DATE: December 20, 2016

Over the past several years, Tripwire has continued to add significant new capabilities to our product lines, as well as to our market-leading discovery coverage. In order to continue to provide high-performing, innovative, and feature-rich products, from time to time Tripwire may introduce new appliance offerings and discontinue previously released appliances.

Tripwire announces such discontinuations ahead of time to provide customers with an opportunity to plan to upgrade their installation prior to the announced "End-of-Life" (EOL) dates.

This is that End-of-Life notice for the following Tripwire Appliance models: DP 4000, DP 4050, VnE 1500, VnE 4500, VnE 5500, VnE 1600, VnE 4600, and VnE 5600.

These models will all reach EOL per the schedule below:

Appliance Type	Model	Generally Available Date (GA)	End-of-Sale Date (EOS)	End-of-Life Date (EOL)
Device Profiler (DP)	4000	January 1, 2013	November 1, 2015	December 31, 2018
Device Profiler (DP)	4050	February 1, 2013	November 1, 2015	December 31, 2018
VnE Manager	1500	December 15, 2011	November 1, 2015	December 31, 2018
VnE Manager	4500	February 26, 2013	November 1, 2015	December 31, 2018
VnE Manager	5500	December 4, 2012	November 1, 2015	December 31, 2018
VnE Manager	1600	April 2, 2014	November 1, 2015	December 31, 2018
VnE Manager	4600	April 2, 2014	November 1, 2015	December 31, 2018
VnE Manager	5600	April 2, 2014	November 1, 2015	December 31, 2018

Description:

Effective December 31, 2018, the DP 4000, DP 4050, VnE 1500, VnE 4500, VnE 5500, VnE 1600, VnE 4600, and VnE 5600 will all reach EOL status. After this date, they will no longer be supported by Tripwire.

For more information on what support will be provided on appliances during the various stages of their product life, please see the Tripwire Appliance and Hardware Discontinuation Policy. The Tripwire Appliance and Hardware Discontinuation Policy is one of many Tripwire

policy documents available on the Tripwire Customer Center (TCC) [here](#), and the Appliance and Hardware Discontinuation Policy is specifically available [here](#).

Upgrades:

Please contact your Tripwire account manager to discuss transitioning to one of our current models of DP or VnE Manager, as well as to inquire about upgrade programs which may be in place.

Thank you for your attention and we look forward to continuing to service the needs of your organization. We appreciate your business.

Sincerely,

Tripwire, Inc.
